Dear West District resident,

The time has come: you can help decide on the use of €300,000 from the budget of West District. Together with more than 130,000 other West residents, you can vote on how this money will be spent. This letter contains your unique and personal voting code which you can use between 13 January and 9 February 2020 to vote via www.westbegroot.amsterdam.nl.

How does it work?

- Go to 'Voting' on www.westbegroot.amsterdam.nl.
- Choose the plans you like.
- Vote with your personal voting code. You can find this code at the bottom of this letter.
- The plans with the most votes will be announced on 13 February 2020. They will be implemented in 2020.

Why are we doing this?

West district believes that residents know what is needed for their neighbourhood. Last year, no less than 14,730 votes were cast via WestBegroot! This year, another €300,000 is available for the implementation of the plans of residents and entrepreneurs. These plans were submitted in September. More information about the plans and this process can be found on www.westbegroot.amsterdam.nl.
